

## Assembling, fixing, joining – self-gripping fasteners

Interturbine Logistik GmbH is your ONE STOP SOURCE for hook and loop fastening systems.

The self-gripping fasteners are exclusively designed for the aerospace industry and have the following characteristics:

- fire retardancy
- low weight
- resistance to extreme temperatures
- ease of use

All products comply with technical standards and / or client specifications.

More than a billion linear meters of hook and loop fasteners are produced every year.

### Products:

#### **ABS 1133 and BMS 8-372**

Self-gripping closure, made of 100% PPS. Self-extinguishing. Resistant to high temperatures. Available in self-adhesive version.

Certifications:  
FAR 25.853 (b),  
FAR 25.856 (a),

#### **ABS 1300**

Self-gripping closure, consisting of an aramid loop and a stainless steel hook. Self-extinguishing. Resistant to very high temperatures.

Certification:  
FAR 25.853 (b)

#### **BMS 8-285 G**

Self-gripping closure, made of 100% fire-retardant polyamide. Resistant to humidity. Available in self-adhesive versions.

Certification:  
FAR 25.853 (b)

## Fastening systems: fields of application

The fields of applications of self-gripping fasteners are:

### 1. Insulation applications: Insulation Blanket attachments

### 2. Seating applications: Foam and Seat cover attachments

Hook and loop is one of the most versatile products around. This amazing product was considered as one of the top 50 inventions of the 20<sup>th</sup> century.

Fasteners made of hook gripping elements and loop surfaces offer a very high cycle with excellent performance characteristics. Depending on the material selected, the fastener can be used in a range of demanding environments (UV resistant, high temperature, flame retardant, etc).

Different materials : Nylon, Polyester, Aramid.  
Choice of colors  
Widths: from 5/8" to 4" (from 16 mm to 100 mm)  
Cycle life: From 2,000 to 10,000 openings and closings  
Self adhesive and heat solvent activated backings

Please contact your customer service representative for more information. You will find all contact details on page 1.
