

## Aerospace Standard Hardware – Bearings and Dampers

### Aerospace Bearings and Dampers

Aerospace bearings, including aircraft bearings and high precision aeronautic components, are available from Interturbine. Aerospace bearings for example, are designed to meet the rigorous demands of aircraft control.

Interturbine Logistik GmbH is your distribution partner for a wide selection of commercial aircraft bearings and bushings and provides products from the world's leading manufacturers, such as:

#### Bearing types:

- Control bearings
- Ball bearings
- Conical bearings
- Track rollers
- Needle bearings
- Ball bearings
- Rod ends, latches, hinges
- Roller bearings
- Spherical bearings
- Tapered roller bearings

As your ONE STOP SOURCE Interturbine Logistik GmbH also is your distribution partner for Stabilus products and offers a broad range of **dampers**.

**STABILUS**

This is only a selection of our total product range. The majority of materials is available in small quantities. For the detailed part number or description please contact our customer service team.

#### Do you already know our new online search tool?

You now have the opportunity to make a **real-time check** of the **availability** of our **Standard Hardware stock**.

The new search tool is easy to use:

1. Type [www.interturbine.com](http://www.interturbine.com) in your browser
2. Click on the Interturbine Logistik Logo
3. Go to the lower right hand corner of the page and click on 'Search parts on stock'
4. Go to 'Search our standard hardware stock', enter the part number and click on the 'Search Stock' button
5. On 'Stock List Search Results' click on part number and you will get the stock location, the unit of measure and current stock availability.

**Please contact your customer service representative for more information.**
