

Aerospace Adhesives and Epoxy Resins

HUNTSMAN

Fast & Reliable Bonding Performance

Enriching lives through innovation

For the last 60 years Huntsman has been producing maintenance materials for the aerospace industry and is renowned for its innovations in composite resins, tooling materials, adhesives, laminating systems and electronics.

Huntsman products cover a broad range of needs, which allow quick and reliable in field repairs.

To meet the increasingly high standards set by the aerospace industry, many of the Huntsman products are self-extinguishing and exhibit low flame, smoke and toxicity characteristics, which are required to comply with regulations that govern materials used in aircraft interiors such as FAR.25.853.

Interturbine Aviation Logistics GmbH is an approved supplier of maintenance materials to the aerospace and high-tech industries, including, consumables, chemicals, composites, raw and semi-finished materials and standard hardware.

Interturbine is your ONE STOP SOURCE for Huntsman products.

The Huntsman products supplied by Interturbine are extensively qualified to aircraft manufacturers' specifications and are used in virtually every new airborne design.

For an overview of the Huntsman products Interturbine supplies please see pages 2 & 3.
