

Press Release

Interturbine Aviation Logistics GmbH and AgustaWestland enter support agreement

Kaltenkirchen / Germany, July 2011

Interturbine Aviation Logistics GmbH is pleased to announce that AgustaWestland, a Finmeccanica company, has appointed Interturbine as approved supplier of materials for the AgustaWestland helicopters.

Interturbine Aviation Logistics will provide material support to AgustaWestland customers, MRO stations and production facilities alike. The product range includes all consumable materials and chemicals.

Interturbine offers highest levels of service (including AOG support) in the distribution of production and maintenance materials to the aerospace industry, an excellent availability of materials in warehouses all over the world as well as dedicated and enthusiastic employees operating from strategically placed international facilities. The AgustaWestland project will become a natural addition to the Interturbine service concept - fast response, global presence and worldwide availability and material handling capability.

Interturbine - the ONE STOP SOURCE for all materials - has already been appointed for total fleet support by Airbus, ATR, Dornier, Embraer, Eurocopter, Pilatus and SuperJet.

Interturbine Aviation Logistics is recognized around the world as an approved supplier of standard hardware, raw and semi-finished materials, consumables, chemicals and composites to the aerospace industry, MROs and airlines, consolidating more than 500,000 part numbers from over 3,000 sources.

Interturbine's innovative material service concept provides a ONE STOP SOURCE for immediate supply on call.

The international supply network - headquartered in Germany - includes distribution centers, contact offices and representations in France, UK, Czech Republic, Hungary, Russia, USA, Canada, Mexico, Brazil, UAE, P.R. China, Japan, Singapore, India, Australia and South Africa ensuring a quick service for fastest material availability.
